

### **SMS Texting Terms & Conditions:**

1. By opting in to a Teva product program (“Program”), you consent to receive recurring messages and/or push notifications from Teva Pharmaceuticals USA, Inc. or a US-based affiliate (“Teva”), and agree to notify Teva immediately (888-838-2872) if your number changes. Such messages may be marketing or non-marketing messages and may include, for example, savings offers, product support and reminders, market research or surveys, and information about existing or future products, services or programs. By agreeing to these Terms, you understand that you can opt out of future text messages at any time by texting STOP in response to any Program messages from your mobile phone. Consent is not a condition of purchase or use of any Teva product or service. Message and data rates may apply. Mobile service providers are NOT liable for delayed or undelivered messages. More information about Teva’s privacy practices is available [here](#).
2. To stop receiving text messages, text STOP in response to any Program message. 4. Message and data rates may apply to each text message sent or received in connection with the texting Program, as provided in your mobile telephone service rate plan, in addition to any applicable roaming charges. Charges are both billed and payable to your mobile service provider or deducted from your prepaid account. Teva does not impose a separate fee for sending text messages.
5. Data obtained from you in connection with this Short Message Service (SMS) texting program may include your telephone number; your carrier’s name; and the date, time, and content of your messages. Teva may use this information to contact you and to provide the services you request from us.
6. You understand that data obtained from you in connection with your registration for, and use of, the Program may include, for example, your phone number, related carrier information, device information, and elements of pharmacy claim information. This data may be used to administer this Program and to provide Program benefits such as savings offers, product support and reminders, market research or surveys, and information about existing or future products, services or programs. Please read our full corporate [Privacy Policy](#), which is incorporated by reference into these Terms.
